The Underlying Index i.e. Nifty Total Market Index complies with the aforesaid portfolio concentration norms.

Change in Investment Pattern

Portfolio rebalancing due to short term defensive consideration:

Any alteration in the investment pattern will be for a short term on defensive considerations as per paragraph 1.14.1.2.b of the SEBI Master Circular dated June 27, 2024, the intention being at all times to protect the interests of the Unit holders and the Scheme shall rebalance the portfolio within 7 calendar days from the date of deviation. It may be noted that no prior intimation/indication will be given to Investors when the composition/asset allocation pattern under the Scheme undergoes changes within the permitted band as indicated above.

Portfolio rebalancing in case of passive breaches:

Pursuant to paragraph 3.6.7.1 of the SEBI Master Circular dated June 27, 2024, in case of change in constituents of the index due to periodic review, the portfolio of the Scheme will be rebalanced within 7 calendar days. In the event of involuntary corporate action, the Scheme shall dispose of the security not forming part of the Underlying Index within 7 days from the date of allotment/listing.

Any transactions undertaken in the portfolio of the Scheme in order to meet the Redemption and Subscription obligations shall be done while ensuring that post such

	<p>transactions replication of the portfolio with the index is maintained at all points of time.</p> <p>Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 read with sub-regulation (26) of Regulation 25 of the SEBI MF Regulations.</p>
<p>Investment Strategy</p>	<p>The Scheme will be passively managed exchange traded fund which will follow an investment approach designed to track the performance of Nifty Total Market TRI. The Scheme seeks to achieve this goal by investing in securities constituting the Nifty Total Market Index in the same proportion as in the Index. The AMC does not make any judgement about the investment merit of the individual security constituting the Nifty Total Market Index nor will it attempt to apply any economic, financial or market analysis. Indexing eliminates active management risks with regard to over/underperformance vis-à-vis a benchmark. This would be done by investing in all the stocks comprising the Nifty Total Market Index in approximately the same weightage that they represent in Nifty Total Market Index. The Scheme will invest at least 95% of its total assets in the securities comprising the Underlying Index. The Scheme may also invest in Money Market Instruments to meet the liquidity and expense requirements. The Scheme shall follow a passive investment strategy. The performance of the Scheme may not be commensurate with the performance of the benchmark of the Scheme on any given day or over any given period. Such variation is commonly referred to as the Tracking Error. The investment strategy would revolve around reducing the Tracking Error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of the securities in the index as well as the incremental Subscriptions/Redemptions from the Scheme.</p> <p>The Scheme intends to use Derivatives for purposes that may be permitted by the SEBI MF Regulations from time to time. Derivatives instruments may take the form of Futures, Options or any other instrument, as may be permitted from time to time. For detailed Derivative strategies, please refer to SAI.</p> <p>Procedure and recording of investment decisions and risk control</p> <p>All investment decisions relating to the Scheme will be undertaken by the AMC in accordance with the Regulations and the investment objectives specified in this Scheme Information Document. All investment decisions taken by the AMC along with justification in relation to the Scheme shall be recorded.</p> <p>The designated fund manager of the Scheme will be responsible for taking the day-to-day investment decisions and will <i>inter alia</i> be responsible for asset allocation, security selection and timing of investment decisions.</p>

	<p>The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual fund, provided it is in conformity to the investment objectives of the Scheme and in terms of the prevailing Regulations. No investment management fees will be charged for such investments and the aggregate inter-scheme investment made by all schemes of the Mutual Fund or in the schemes under the management of other asset management companies shall not exceed 5% of the Net Asset Value of the Mutual Fund. The limit, however, does not apply to any Fund of Funds scheme.</p> <p><u>PORTFOLIO TURNOVER</u></p> <p>As the Scheme will follow a passive investment strategy, the endeavor will be to minimize portfolio turnover subject to the exigencies and needs of the Scheme. Generally, as the Scheme is open-ended, turnover will be confined to rebalancing of portfolio on account of new Subscriptions, Redemptions and change in the composition of the Nifty Total Market Index. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.</p> <p>A higher churning of the portfolio could attract high transactions of the nature of brokerage, custody charges, etc.</p>
<p>Risk Profile of the Scheme</p>	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Scheme specific risk factors are summarized below:</p> <p>Risks associated with the Scheme being an Exchange Traded Fund (“ETF”):</p> <p>a) <u>Absence of prior active market</u>: Although the Units of the Scheme will be listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained.</p> <p>b) <u>Lack of market liquidity</u>: Trading in Units of the Scheme on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or market regulator, trading in the ETF Units is inadvisable. In addition, trading in the Units of the Scheme may be subject to trading halts caused by extraordinary market volatility pursuant to ‘circuit breaker’ rules. There can be no assurance that the requirements of the concerned Stock Exchange necessary to maintain the listing of the Units of the Scheme will continue to be met or will remain unchanged.</p> <p>c) <u>Units of the Scheme may trade at prices other than NAV</u>: Units of the Scheme may trade above or below its NAV. The NAV of the Scheme may fluctuate with changes in the market value of a Scheme’s holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in its NAVs as well as market supply and demand. However, given that the Scheme can be created / redeemed in Creation Units, directly with the Fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available.</p>

- d) Regulatory Risk: Any changes in trading regulations by the Stock Exchange or SEBI may affect the ability of the Market Maker to arbitrage resulting into wider premium/discount to NAV. Although the Scheme is proposed to be listed on the Exchange, the AMC and the Trustee will not be liable for delay in listing of Units of the Scheme on Exchange / or due to connectivity problems with the Depositories due to the occurrence of any event beyond their control.
- e) Right to limit Redemption: The Trustee, in the general interest of the Unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day depending on the total "Saleable Underlying Stock" available with the Fund.
- f) Redemption Risk: The Unit holders may note that even though this is an open ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit Size. Thus, unit holdings less than the Creation Unit Size can normally only be sold through the secondary market unless no quotes are available on the Exchange for 3 trading days consecutively.
- g) Though the Scheme will be listed on the stock exchange, there is no assurance that an active secondary market will develop or be maintained.
- h) Investors may note that even though this is an open-ended scheme, they will have to buy or sell Units of the Scheme on the Stock Exchanges where these Units are listed for liquidity at the market price, subject to the rules and regulations of the Exchange. Buying and selling units on the Stock Exchange requires the investor to engage the services of a broker and are subject to payment of margins as required by the Stock Exchange/broker, payment of brokerage, securities transactions tax and such other costs.
- i) The market price of the Units of the Scheme, like any other listed security, is largely dependent on two factors, viz. (1) the intrinsic value of the Unit (or NAV) and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units on the Stock Exchange may lead to market price of the Units to quote at premium or discount to NAV. However, since the eligible investors can transact with the AMC for Units in the Creation Unit Size, there should not be a significant variance from the NAV. Hence, the price of the Scheme is less likely to hold significant variance (large premium or discount) from the latest declared NAV all the time.
- j) The Units will be issued only in demat form through Depositories. The records of the Depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund depends on the confirmations to be received from Depository(ies) on which the AMC has no control.

Investments in the Scheme are subject to various risk factors, including but not limited to risks associated with :

Identification of third party cheques by the AMC / Registrars will be on the basis of either matching of pay-in bank account details with registered/pay-out bank account details or by matching the bank account number/name/signature of the first named investor with the name/account number/signature available on the cheque. If the name/bank account number is not pre-printed on the cheque and signature on the cheque does not match with signature on the application, then the first named applicant/investor should submit any one of the following documents:

(i) a copy# of the bank passbook or a statement of bank account having the name and address of the account holder and account number;

(ii) a letter* (in original) from the bank on the bank's letterhead certifying that the investor maintains an account with the bank, alongwith information like bank account number, bank branch, account type, the MICR code of the branch & IFSC Code (where available).

*In respect of (ii) above, it should be certified by the bank manager with his/her full signature, name, employee code, bank seal and contact number. Investors should note that where the bank account numbers have changed on account of the implementation of core banking system at their banks, any related communication from the bank towards a change in bank account number should accompany the application form for subscription of units.

b. Payment by Prefunded Instrument:

• If the subscription is settled with pre-funded instruments such as Pay Order, Demand Draft, Banker's cheque, etc., a certificate (in original) from the Issuing banker must accompany the purchase application, stating the Account holder's name and the Account number which has been debited for issue of the instrument. The account number mentioned in the Certificate should be a registered bank account or the first named unitholder should be one of the account holders to the bank account debited for issue of such instruments.

c. Payment by RTGS, NEFT, ECS, Bank transfer, etc:

A copy of the instruction to the bank stating the account number debited must accompany the purchase application. The account number mentioned on the transfer Instruction copy should be a registered bank account or the first named unitholder should be one of the account holders to the bank account.

The above broadly covers the various modes of payment for mutual fund subscriptions. The above list is only indicative not exhaustive list and any other mode of payment as introduced from time to time will also be covered accordingly. In case the application for subscription does not comply with the above provisions, the AMC / Registrars retains the Sole and absolute discretion to reject/not process such application and refund the subscription money and shall not be liable for any such rejection.
